2009 BILL

Gen Cat

1 AN ACT ...; relating to: the disposal of solid waste from a household on the
2 property where it is generated.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Natural Resources (DNR) generally regulates the disposal of solid waste and the facilities at which solid waste is disposed of. One of the exemptions under current law prohibits DNR from regulating solid waste from a single family or household if it is disposed of on the property where it is generated. This bill eliminates this prohibition on regulating solid waste from a single family or household.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 1. 289.43 (5) of the statutes is repealed.
